

**For shifts with protocols, the expectation is that protocols are completed during the shift (ideally at the start of the shift prior to CT/MR reporting).*

**Radiologists are responsible to assign any cases to their personal worklist which are not reported by the end of the shift.*

REPORTING RESPONSIBILITIES BY TASK				
TASK	TIME (UNREAD TIME)	Rotation Day	Rotation Name	COMMENTS
B or M Half List	As per Assignment	Mon after Stat Fri	MH FLUORO PM	
			CV US PM	
			MH US PM	
			THP NUCS PM	
			THP REPORTING PM After Stat Friday	
Backup for on-site coverage		Mon after Stat Fri	RAD OF THE DAY	Backup in the event of rad illness and on-site coverage cannot be alternatively arranged. Will backfill rad-of-the day tasks.
BMD	Assigned	Mon after Stat Fri	THP NUCS AM	
			THP NUCS PM	
Breast Consults	Prev Day/As per Assignment	Mon after Stat Fri	CV Breast Imaging	
			QHC Breast Imaging	
Breast Recall CV	Same Day	Mon after Stat Fri	CV Breast Imaging	
Breast Recall QHC + MH	Same Day	Mon after Stat Fri	QHC Breast Imaging	
Breast Stereo CV	Same Day	Mon after Stat Fri	CV Breast Imaging	If only 1 stereo, replacement US BX usually scheduled at 8:00AM
Breast Stereo QHC	8:00AM, 9:00AM Booking times	Mon after Stat Fri	QHC Breast Imaging	Morning stereo biopsies/ galactograms
Breast US BX CV	Same Day	Mon after Stat Fri	CV Breast Imaging	
Consults on Outside Imaging - Non-Urgent	Prev Day	Mon after Stat Fri	RAD OF THE DAY	All routine consult requests. Outside images/report must be uploaded
Consults on Outside Imaging - Urgent	Same Day 8:00AM - 15:30	Mon after Stat Fri	RAD OF THE DAY	Must state urgent in request. Outside images/report must be uploaded
CT ACI QHC	07:00-15:45	Mon after Stat Fri	QHC General Imaging	Any IP or urgent OP CT tagged to ACI from 7AM -15:45, includes unreported UCC CT brain from prior night from 22:00 on
CT all other including CT Head and CTA H/N (except hyperacute stroke for respective site)	11:46AM - 15:45	Mon after Stat Fri	CT ACI PM CV/MH	Excluding breast cases
CT all other including CTA H/N except hyperacute stroke for respective site	8AM - 11:45AM	Mon after Stat Fri	CT ACI AM CV/MH	Includes outpt urgent (mainly PE studies). Studies performed after 07:00AM (unread time) are the responsibility of the ACI rad, unless contacted by the referring MD prior to 07:59AM in which case, the overnight/early am rad is responsible for providing a final report.
CT B#	Prev Thurs to End of Sunday	Mon after Stat Fri	CT OP B#	Protocols as assigned, including stray protocols from prior shifts
CT ED/IP HRL (tagged to HRL) prelims for respective site	8AM - 11:45AM	Mon after Stat Fri	CT ACI AM CV/MH	ACI Rad is responsible for providing a prelim report addressing acute issues. Final report is responsibility of rad assigned to CT HRL the upcoming Thursday. Tag to CT HRL if not already tagged.
	11:46AM - 15:45		CT ACI PM CV/MH	ACI Rad is responsible for providing a prelim report addressing acute issues. Final report is responsibility of rad assigned to CT HRL the upcoming Thursday. Tag to CT HRL if not already tagged.
CT ED/IP Protocol	8AM - 11:59AM	Mon after Stat Fri	CT ACI AM CV/MH	For respective site; clear up to end of shift
	12:00PM-15:59		CT ACI PM CV/MH	For respective site; clear up to end of shift
CT ED/IP VIR Run off and aortic cases with endografts (tagged to VIR) prelims for respective site	8AM - 11:45AM	Mon after Stat Fri	CT ACI AM CV/MH	ACI Rad is responsible for providing a prelim report addressing acute issues. Final report is responsibility of VIR rad (Final to be issued no later than 17:00). VIR rad available for backup (no tradeback). Aortic cases without an endograft are responsibility of diagnostic rads irrespective of how tagged.
	11:46AM - 15:45		CT ACI PM CV/MH	ACI Rad is responsible for providing a prelim report addressing acute issues. Final report is responsibility of VIR rad (Final to be issued no later than 17:00). VIR rad available for backup (no tradeback). Aortic cases without an endograft are responsibility of diagnostic rads irrespective of how tagged.
CT Head	Prev Day 22:00 to Current Day 11:45AM	Mon after Stat Fri	CT ACI AM CV/MH	

**For shifts with protocols, the expectation is that protocols are completed during the shift (ideally at the start of the shift prior to CT/MR reporting).*

**Radiologists are responsible to assign any cases to their personal worklist which are not reported by the end of the shift.*

REPORTING RESPONSIBILITIES BY TASK				
TASK	TIME (UNREAD TIME)	Rotation Day	Rotation Name	COMMENTS
CT HS THP	Prev Thurs 00:00-11:59AM	Mon after Stat Fri	QHC General Imaging	Weekend/Stat day cases assigned separately. On Mon after stat Fri, previous WeekDay is Thurs (not Fri).
	Prev Thurs 12:00 - 16:59		CV OB + FLUORO AM/PM	Weekend/Stat day cases assigned separately. On Mon after stat Fri, previous WeekDay is Thurs (not Fri).
	Prev Thurs 17:00 - EOD		MH FLUORO AM
